

# PRODUCT SPECIFICATION

| PRODUCT SPECIFICATION |                                                                                               |
|-----------------------|-----------------------------------------------------------------------------------------------|
| Product Code          | NA9025                                                                                        |
| Product Name          | 3,3'-Dithiobis(sulfosuccinimidyl Propionate)                                                  |
| CAS Number            | 81069-02-5                                                                                    |
| Molecular formula     | C <sub>14</sub> H <sub>16</sub> N <sub>2</sub> O <sub>14</sub> S <sub>4</sub>                 |
| Linear formula        | C <sub>14</sub> H <sub>14</sub> N <sub>2</sub> O <sub>14</sub> S <sub>4</sub> Na <sub>2</sub> |
| Molecular weight      | 608.5                                                                                         |
| Form                  | solid                                                                                         |
| Sensitivity           | moisture                                                                                      |

| TEST SPECIFICATION |                         |
|--------------------|-------------------------|
| Assay (purity)     | 95%                     |
| Purity method      | by elemental analysis   |
| Appearance         | off-white to tan powder |

For available packaging options or alternative purify grades, please contact our technical services.
