

# PRODUCT SPECIFICATION

| PRODUCT SPECIFICATION |                                                                   |
|-----------------------|-------------------------------------------------------------------|
| Product Code          | P5966                                                             |
| Product Name          | Diphenylvinylphosphine                                            |
| CAS Number            | 2155-96-6                                                         |
| Molecular formula     | C <sub>14</sub> H <sub>13</sub> P                                 |
| Linear formula        | (C <sub>6</sub> H <sub>5</sub> ) <sub>2</sub> PCH=CH <sub>2</sub> |
| Molecular weight      | 212.23                                                            |
| Form                  | liquid                                                            |
| Boiling point         | 104C                                                              |

| TEST SPECIFICATION |               |
|--------------------|---------------|
| Assay (purity)     | 98%+          |
| Purity method      | by GC         |
| Appearance         | yellow liquid |

For available packaging options or alternative purify grades, please contact our technical services.
