# SAFETY DATA SHEET

## Section 1. Identification

**Product Name:** [Bis\(1,10-phenanthroline\)bis\(2,2,6,6-tetramethyl-3,5-heptanedionato\)barium](#)

**Product Type:** Solid

**CAS Number:** 170717-12-1

**Product Number:** BA7121

**Product Manufacturer:** Ereztech LLC  
11555 Medlock Bridge Road, Suite 100  
Johns Creek, GA 30097

**Product Information:** (888) 658-1221

**In Case of an Emergency:** CHEMTREC: 1-800-424-9300 (USA);  
+1 703-527-3887 (International); CCN836180  
\*\*\* Contact manufacturer for all non-emergency calls.

## Section 2. Hazards Identification

**Appearance/Odor:** White crystals, odor not determined.

**Classification:** ACUTE TOXICITY, ORAL – Category 3, H301  
ACUTE TOXICITY, DERMAL – Category 3, H311  
SKIN CORROSION/IRRITATION; - Category 2, H315  
SERIOUS EYE DAMAGE/EYE IRRITATION - Category 2A, H319  
ACUTE TOXICITY, INHALATION – Category 3, H331  
SPECIFIC ORGAN TOXICITY, SINGLE EXPOSURE; RESPIRATORY TRACT IRRITATION; - Category 3, H335

### GHS Label Elements

#### Hazard Pictograms:

**Signal Word:** DANGER

**Hazard Statements:** H301: Toxic if swallowed.  
H311: Toxic in contact with the skin.  
H331: Toxic if inhaled.

# Bis(1,10-phenanthroline)bis(2,2,6,6-tetramethyl-3,5-heptanedionato)barium

## Safety Data Sheet

### Section 2. Hazards Identification

**Hazard Statements (cont.):** H315: Causes skin irritation.  
H319: Causes serious eye irritation.  
H335: May cause respiratory irritation.

#### Precautionary Statements

**Prevention:** P261: Avoid breathing dust.  
P264: Wash skin thoroughly after handling.  
P270: Do not eat, drink or smoke when using this product.  
P271: Use only outdoors or in a well-ventilated area.  
P280: Wear protective gloves/ protective clothing/ eye protection/ face protection.

**Response:** P301 + P310: IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician.  
P302 + P352: IF ON SKIN: Wash with plenty of soap and water.  
P304 + P340: IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.  
P305 + P351 + P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present. Continue rinsing.  
P311: Call a POISON CENTER or doctor/physician.  
P330: Rinse mouth.  
P332 + P313: If skin irritation occurs: Get medical advice/attention.  
P337 + P313: If eye irritation persists: Get medical advice/attention.

**Storage:** P361 + P362: Immediately take off contaminated clothing. Wash before reuse.  
P403 + P233: Store in a well ventilated place. Keep container tightly closed.  
P405: Store locked up.

**Disposal:** P501: Dispose of contents/ container to an approved waste disposal plant.

**OSHA/HCS Status:** This material is considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200).

**Hazards Not Otherwise Classified [HNOC]:** None identified.

### Section 3. Composition/Information on Ingredients

**Synonyms** : Barium,bis(1,10-phenanthroline-kN1,kN10)bis(2,2,6,6,-tetramethyl-3,5-heptanedionato-kO,kO')-, (DD-8-11221'1'2'2')-

# Bis(1,10-phenanthroline)bis(2,2,6,6-tetramethyl-3,5-heptanedionato)barium

## Safety Data Sheet

### Section 3. Composition/Information on Ingredients

Formula : BaC<sub>46</sub>H<sub>54</sub>N<sub>4</sub>O<sub>4</sub>

Ingredient Name	%	CAS Number
<a href="#">Bis(1,10-phenanthroline)bis(2,2,6,6-tetramethyl-3,5-heptanedionato)barium</a>	>97.5	170717-12-1

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Occupational exposure limits, if available, are listed in Section 8.

### Section 4. First Aid Measures

#### Description of Necessary First Aid Measures

- General Advice:** Move out of dangerous area. Consult a physician. Show this safety data sheet to the doctor in attendance.
- Eye Contact:** Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Continue rinsing. Call a physician or POISON CONTROL CENTER immediately.
- Skin Contact:** Wash off contaminated skin with soap and plenty of water. Call a physician or POISON CONTROL CENTER immediately.
- Inhalation:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation. If unconscious, place in recovery position and get medical attention immediately. Maintain an open airway. Loosen tight clothing such as a collar, tie, belt or waistband. Call a POISON CENTER or doctor/physician immediately.
- Ingestion:** Rinse mouth. Do NOT induce vomiting. Remove dentures if any. If vomiting occurs, the head should be kept low so that vomit does not enter the lungs. Never give anything by mouth to an unconscious person. If unconscious, place in recovery position and get medical attention immediately. Maintain an open airway. Loosen tight clothing such as a collar, tie, belt or waistband. Call a physician or POISON CONTROL CENTER immediately.

#### Most Important Symptoms/Effects, Acute And Delayed Potential Acute Health Effects

- Eye Contact:** Symptoms may include stinging, tearing, redness, swelling and blurred vision.
- Inhalation:** Toxic if inhaled. Danger of serious damage to health by prolonged exposure through inhalation. Product may cause allergy or asthma symptoms or breathing difficulties if inhaled.

# Bis(1,10-phenanthroline)bis(2,2,6,6-tetramethyl-3,5-heptanedionato)barium

## Safety Data Sheet

### Section 4. First Aid Measures

- Skin Contact:** Toxic in contact with skin. Repeated exposure to this material can result in absorption through skin causing significant health hazard. Product may cause skin irritation.
- Ingestion:** Toxic if swallowed. Swallowing a small quantity of this material will result in a serious health hazard.

#### Indication of Immediate Medical Attention and Special Treatment Needed, If Necessary

- Notes to Physician:** Treat symptomatically.
- Specific Treatments:** No specific treatment.
- Protection of First Responders:** No action taken shall be taken involving any personal risk without suitable training. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation.

See Toxicological Information (Section 11)

### Section 5. Fire Fighting Measures

- General Hazards:** None identified.
- Suitable Extinguishing Media:** Use water spray, "alcohol" foam, dry chemical or carbon dioxide (CO<sub>2</sub>).
- Unsuitable Extinguishing Media:** None identified.
- Unusual Fire and Explosion Hazards:** None identified.
- Product of Combustion:** Decomposition products include carbon oxides (CO<sub>x</sub>), nitrogen oxides and barium oxides.
- Protection of Firefighters:** Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training. Fire-fighters should wear appropriate protection equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in a positive pressure mode.

### Section 6. Accidental Release Measures

#### Personal Precautions, Protective Equipment and Emergency Procedures

- For Non-Emergency Personnel:** No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material.

# Bis(1,10-phenanthroline)bis(2,2,6,6-tetramethyl-3,5-heptanedionato)barium

## Safety Data Sheet

### Section 6. Accidental Release Measures

**For Non-Emergency Personnel:**  
(cont.)

Avoid dust and aerosol formation. Avoid inhalation of dusts and aerosols. Provide adequate ventilation. Wear respiratory protection. Put on appropriate personal protective equipment.

**For Emergency Responders:**

If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For Non-Emergency Personnel".

**Environmental Precautions:**

Do not allow dispersal of spilled material and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

#### Methods for Containment

**General:**

Move containers from spill area if safe to do so. Avoid the creation/inhalation of dusts and aerosols.

**Small Spill:**

Contain and collect spillage with non-combustible, dry binding (e.g. sand, earth, vermiculite or diatomaceous earth) and place in dry, sealed container for disposal according to local regulations (see Section 13). Dispose of via a licensed waste disposal contractor.

**Large Spill:**

Approach release from upwind. Prevent entry into sewers, water courses, basements or confined areas. Contain and collect spillage with non-combustible, dry binding material (e.g. sand, earth, vermiculite or diatomaceous earth) and place in dry, sealed container for disposal according to local regulations (see Section 13). Dispose of via a licensed waste disposal contractor. Contaminated absorbent material may pose the same hazard as the spilled product.

Note: see Section 1 for emergency contact information and Section 13 for waste disposal.

### Section 7. Handling and Storage

**Precautions:**

Product is air and moisture sensitive; handle under a dry, inert gas. Nitrogen with less than 5 ppm each of moisture and oxygen is recommended. Avoid formation and inhalation of dusts and aerosols. Keep container tightly sealed. Avoid contact with skin, eyes and clothing. Do not ingest. Avoid prolonged exposure. Ensure adequate ventilation.

# Bis(1,10-phenanthroline)bis(2,2,6,6-tetramethyl-3,5-heptanedionato)barium

## Safety Data Sheet

### Section 7. Handling and Storage

<b>Protective Measures:</b>	Put on appropriate personal protective equipment (see Section 8). Keep in the original container kept tightly closed when not in use. Empty containers retain product residue and can be hazardous. Do not reuse container.
<b>General Occupational Hygiene:</b>	Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. See also Section 8 for additional information on hygiene measures.
<b>Safe Storage Conditions:</b>	Product is air and moisture sensitive; store under an inert gas. Nitrogen with less than 5 ppm each of moisture and oxygen is recommended. Store in original container protected from direct sunlight in a dry and well-ventilated area, away from incompatible materials noted above and food and drink. Keep container tightly closed and sealed until ready for use. Store locked up.

### Section 8. Exposure Controls/Personal Protection

<b>Introductory Remarks:</b>	These recommendations provide general guidance for handling this product. Because work environments and material handling practices vary, safety procedures should be developed for each intended application. While developing safe handling procedures, do not overlook the need to clean equipment and conduct regular repairs. Waste from these procedures should be handled in accordance with Section 13.
<b>Occupational Exposure Limits:</b>	Product contains no substances with occupational exposure limit values.
<b>Engineering Controls:</b>	Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Provide an eyewash/shower station.
<b>Environmental Exposure Controls:</b>	Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels.

# Bis(1,10-phenanthroline)bis(2,2,6,6-tetramethyl-3,5-heptanedionato)barium

## Safety Data Sheet

### Section 8. Exposure Controls/Personal Protection

#### Individual Protection Measures

##### **Hygiene Measures:**

Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Remove all soiled and contaminated clothing immediately. Do not inhale dusts or aerosols. Avoid contact with eyes and skin. Ensure that eyewash stations and safety showers are close to the workstation location.

##### **Eye/Face Protection:**

Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to aerosols or dusts. If contact is possible, the following protection should be worn, unless the assessment indicates a higher degree of protection: chemical splash goggles, faceshield (8-inch minimum). Refer to 29 CFR 1910.133, ANSI Z87.1, or European Standard EN166.

##### **Skin Protection**

##### **Hand Protection:**

Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary. Considering the parameters specified by the glove manufacturer, check during use that the gloves are still retaining their protective properties. It should be noted that the time to breakthrough for any glove material may be different for different glove manufacturers. In the case of mixtures, consisting of several substances, the protection time of the gloves cannot be accurately estimated. If contact is possible, the following protection should be worn, unless the assessment indicates a higher degree of protection: Chemical-resistant gloves. For full contact, wear Neoprene or nitrile rubber gloves.

Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

##### **Other Skin Protection:**

Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.

# Bis(1,10-phenanthroline)bis(2,2,6,6-tetramethyl-3,5-heptanedionato)barium

## Safety Data Sheet

### Section 8. Exposure Controls/Personal Protection

**Respiratory Protection:** Where risk assessment shows air-purifying respirators are appropriate use a full-face respirator with multipurpose combination (US) or type ABEK (EN 14387) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

### Section 9. Physical and Chemical Properties

**Physical State:** Solid.  
**Color:** White crystals.  
**Odor:** No data available.  
**Odor Threshold:** No data available.  
**pH:** No data available.  
**Melting Point:** No data available.  
**Boiling Point:** No data available.  
**Flash Point:** No data available.  
**Flammability:** No data available.  
**Relative Density:** No data available.  
**Water Solubility:** Reacts with water.

### Section 10. Stability and Reactivity

**Reactivity:** No data available.  
**Chemical Stability:** Stable at normal ambient temperature and pressure and under recommended storage conditions.  
**Conditions to Avoid:** Exposure to moisture/water, extreme temperatures and direct sunlight.  
**Incompatible Materials:** Strong oxidizing agents.  
**Hazardous Decomposition Products:** Hazardous decomposition products formed under fire conditions: carbon oxides, nitrogen oxides and metal oxide fumes. In the event of a fire: see section 5.  
**Possibility of Hazardous Reactions:** Under normal conditions of storage and use, hazardous reactions will not occur.

# Bis(1,10-phenanthroline)bis(2,2,6,6-tetramethyl-3,5-heptanedionato)barium

## Safety Data Sheet

### Section 11. Toxicological Information

#### Information on Toxicological Effects

<b>Acute Toxicity</b>	: No specific data available. Toxic if absorbed through the skin, ingested or inhaled.
<b>Irritation/Corrosion</b>	: No specific data available. Product may cause skin irritation and serious eye irritation.
<b>Sensitization</b>	: No specific data available.
<b>Germ Cell Mutagenicity</b>	: No effects known.
<b><u>Carcinogenicity</u></b>	
<b>IARC</b>	: No component of this product present at levels greater than 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.
<b>ACGIH</b>	: No component of this product present at levels greater than 0.1% is identified as probable, possible or confirmed human carcinogen by ACGIH.
<b>NTP</b>	: No component of this product present at levels greater than 0.1% is identified as probable, possible or confirmed human carcinogen by NTP.
<b>OSHA</b>	: No component of this product present at levels greater than 0.1% is identified as probable, possible or confirmed human carcinogen by OSHA.
<b>Reproductive Toxicity</b>	: This product is not expected to cause reproductive or developmental effects.
<b>Teratogenicity</b>	: No specific data available.
<b>Specific Target Organ Toxicity (Single Exposure)</b>	: Inhalation – May cause respiratory tract irritation.
<b>Specific Target Organ Toxicity (Repeated Exposure)</b>	: No specific data available.
<b>Aspiration Hazard</b>	: No specific data available.
<b>Information on the Likely Routes of Exposure</b>	: Common routes of exposure: inhalation (failure to prevent dust formation), dermal (failure to use skin protection), eye (failure to use safety eyewear). Less common: ingestion (failure to employ recommended hygiene measures (e.g. smoking after handling product without washing hands or using hand protection)).
<b>Additional Information</b>	: To the best of our knowledge, the chemical, physical and toxicological properties of this product have not been thoroughly investigated.

# Bis(1,10-phenanthroline)bis(2,2,6,6-tetramethyl-3,5-heptanedionato)barium

## Safety Data Sheet

### Section 12. Ecological Information

#### Numerical Measures of Toxicity

**Toxicity to Fish** : No specific data available.

**Toxicity to Daphnia and Other Aquatic Invertebrates** : No specific data available.

**Toxicity to Algae** : No specific data available.

#### Persistence and Degradability

**Biodegradability** : No specific data available.

**Bioaccumulative Potential** : No specific data available.

**Mobility in Soil** : No specific data available.

**Other Adverse Effects** : An environmental hazard cannot be excluded in the event of unprofessional handling or disposal.

### Section 13. Disposal Considerations

#### Waste Treatment Methods

##### Product

Dispose of in accordance with local, state, and federal regulations. Refer to 40 CFR 260-299 for complete waste disposal regulations. Consult your local, state, or federal agency before disposing of any chemicals.

##### Contaminated Packaging

Empty containers retain product residue (dusts and aerosols) and can be dangerous. Dispose of as unused product.

### Section 14. Transport Information

	<b>DOT</b>	<b>IMDG</b>	<b>IATA</b>
UN Number	UN 1564	UN 1564	UN 1564
UN Proper Shipping Name	Barium compound, toxic, n.o.s. (Bis(1,10-phenanthroline)bis(2,2,6,6-tetramethyl-3,5-heptanedionato)barium)	BARIUM COMPOUND, TOXIC, N.O.S. (Bis(1,10-phenanthroline)bis(2,2,6,6-tetramethyl-3,5-heptanedionato)barium)	Barium compound, toxic, n.o.s. (Bis(1,10-phenanthroline)bis(2,2,6,6-tetramethyl-3,5-heptanedionato)barium)
Transport Hazard Classes	6.1	6.1	6.1

Environmental Hazards	-	-	-
Additional Information	-	EMS-No: F-A, S-A	-

# Bis(1,10-phenanthroline)bis(2,2,6,6-tetramethyl-3,5-heptanedionato)barium

## Safety Data Sheet

### Section 14. Transport Information

- Special Precautions for User** : Transport within user's premises: always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.
- Transporting in Bulk According to Annex II of MARPOL 73/78 and the IBC Code** : Not applicable.

### Section 15. Regulatory Information

#### **TSCA (Toxic Substance Control Act):**

This product is not listed on the U.S. Toxic Substances Control Act Chemical Inventory (TSCA Inventory). Use of this product is restricted to research and development only. This product must be used under the supervision of a technically qualified individual as defined by the TSCA. This product must not be used for commercial purposes or in formulations for commercial purposes.

#### **SARA 302 Components**

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

#### **SARA 313 Components**

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

#### **SARA 311/312 Hazards**

Acute Health Hazard (Acute toxicity – dermal, oral, inhalation; Skin corrosion or irritation; Serious eye damage or eye irritation; Specific Target Organ Toxicity (STOT), single exposure: respiratory irritation).

#### **Massachusetts Right to Know Components**

No components are subject to Massachusetts Right to Know Act.

#### **Pennsylvania Right to Know Components**

No components are subject to Pennsylvania Right to Know Act.

#### **New Jersey Right to Know Components**

No components are subject to New Jersey Right to Know Act.

#### **California Proposition 65 Components**

This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

# Bis(1,10-phenanthroline)bis(2,2,6,6-tetramethyl-3,5-heptanedionato)barium
